

## COMING TO THE THEATERS

Columbia—Otis Skinner in "Lazarus."

Much unreserved praise has been accorded Mr. Skinner for his production of "Lazarus," which will be seen at the Columbia next Monday evening. The settings are said to be generous in their proportion, artistic in pictorial effects, illuminating in the part they bear toward the play's unfolding, and harmonious with the time and scenes. The costume is singularly rich and expressive. The company which Mr. Skinner has gathered to his support is one of the strongest that has yet been with him in his career as a star.

National—"The Little Princess."

"The Little Princess" will be presented next week at the National Theater. The play has been one of the pronounced successes of the season in New York, and said to be even better than "Faust." It tells a sweet, tender, simple story, unconventional and free from any of the problems or romantic complications that have been the foundation of many recent stage productions. It has brought to the front in a few months as one of the most successful stars on the stage Miss Millie James, still in her twenties. Miss James is the daughter of Louis James, the well-known Shakespearean actor. In "The Little Princess" she presents the illusion of a girl of twelve.

Chase—"The Wizard of the Nile."

"The Wizard of the Nile," with Christine Hudson, Agnes Paul, Berolice Holmes, Frederick Knights, William Schuster, Herman Hirschberg, and John Henderson will be presented next week at Chase's. It is well cast, as the part of Abydos will be done by the pretty originator of the role, Agnes Paul, recently of the Bostonians. Christine Hudson will be Cleopatra, and as Si-mona Berolice Holmes has proved one of the most successful in the part. William Schuster will play his familiar part of Cheops. Ptolemy will be portrayed by Herman Hirschberg, Frederick Knights will play Ptharmigan, white Kibosh, the Wizard, will be played by Mr. Henderson. All of the costumes and scenery for which the Daniels production was famed will be on the Chase stage and the collection of "show girls" will demonstrate its right to the description when they appear as the Egyptians. Matinees will be on Monday, Wednesday and Saturday.

Academy—"The Sign of the Cross."

"The Sign of the Cross," Wilson Barrett's stirring historical drama, will be seen in this city for the first time at popular prices next week at the Academy. This drama has been one of the theatrical successes of the last five seasons. This year the American rights belong to Fred C. Berger. The indorsement of prominent divines, both in this country and in England, many of whom have written letters of commendation of the play, is in a measure responsible for the continued success of the drama. The company includes thirty players.

Lyceum—"Watson's Americans."

Watson's Americans, which will appear at the Lyceum Theater next week, is said to be one of the largest organizations traveling this season. The company is headed by Jeanette Dupre, the popular comedienne, and W. B. Watson. "The great 'Seibin' trick bicyclist, the Ved-nars, an importation from England, Ella Shields, West and Williams, the Bar-dollos sisters, Hayman and Hayman, Raymond and Burke, and others. Mr. Watson presents 'Levi in Japan,' which introduces all the members of the company. Among others of the company will be Kitty Lucette, Edith Ardell, Mamie Howe, Kitty Thorn, Rose Hull, Sadie Travers, Daisy Randall, Edith Crawford, Edith Downs, Madge Darrell, Annabell Davis and Mamie Collins.

Lafayette—"Triby."

For the second week of the Berger stock company at the Lafayette Square Opera House Paul Potter's dramatization of George DuMaurier's novel, "Triby," will be the bill. Produced originally at the Garden Theater, New York, by A. M. Palmer, the play had a successful success. It is especially notable from the fact of being the first recent "book play" or dramatization of a publication, the success of which opened the way for the large output of book dramatizations that have since found their way to the boards. Particular interest attaches to its local performance in the fact that Wilton Lackey, a well-known actor, and a product of Washington, scored a wonderful success in the role of Sengval in the initial production of the piece. Special arrangements have been made by Stage Manager Fred Sullivan to make the coming performance of "Triby" by the stock company a distinctive one, and the best traditions of the piece are being followed to insure a consummate production. There will be the usual Wednesday and Saturday matinees, and popular prices will prevail.

Empire—"Sons of Ham."

"The Sons of Ham," which is meeting with so much success at the Empire Theater this week, will again be the attraction at that house next week. The piece is based on the life of William and Walker, and in the hands of Avery and Hart and the big colored stock company, its presentation at the Empire is expected to be quite as entertaining as when given by the former pair of comedians.

Miss Gilman's Recovery.

Mabelle Gilman has entirely recovered from the indisposition which threatened to interrupt her Washington engagement. Miss Gilman was ill Monday night, and in consequence was compelled to omit several of her songs and all of the dances. Her performances since then have been characterized by the grace and winsomeness which have made her popular with the theatergoing public.

People in Bitter Root Valley Dying Within a Few Days.

Out in Bitter Root Valley, Mon., the people are struggling with a deadly and mysterious disease, the nature of which is puzzling the best known pathologists and bacteriologists in the country. A report on the disease was received by Surgeon General Wyman, of the Marine Hospital Service, a few days ago, and today he appointed one of his staff to go to Montana to investigate and try to classify it. The investigation has been hurried because of the urgent call for help. Twenty-five per cent of the persons attacked die, and it is said a small tick which infests the valley is responsible for the spread of the disease. Scores of deaths have been reported. The matter was first brought to the attention of the Marine Hospital Service by the Montana board of health and a letter from Representative Joseph M. McKelvey, member of Congress from the State. It was said the people of the valley were suffering from a disease which resembled "spotted fever." A person would be attacked with a slight chill and in a few days spots which developed into suppurating pimples appeared all over the body of the victim. In from six to ten days the victim died.

ANTI-JEWISH RIOTS.

TELESEN, Algeria, April 23.—There were serious anti-Jewish riots here yesterday. Forty-five persons were injured.

DINNER IN HONOR OF DEPARTING OFFICIAL.

A dinner was given Tuesday night at the New Willard in honor of Robert E. Lee, by Gen. George H. Harries, for the Washington Railway and Electric Company. Mr. Lee has just resigned his post as general superintendent of the company to take a position with the Cincinnati Street Railroad Company. Col. George Truesdell and officers of the company made appropriate speeches. Those present were Col. George Truesdell, Gen. George H. Harries, vice president; H. W. Fuller, R. E. Lee, James B. Lackey, W. F. Ham, A. F. Schoepf, W. L. Baileger, G. F. Hallman, Gordon Campbell, C. Kohler, W. N. De Neale, W. F. Dement, F. J. Mersheimer, J. T. Moffett, George Derene, W. E. Lowry, E. Sinclair, E. S. Marlow, C. E. Brown, Dr. C. G. Stone, and F. J. Whitehead.

NEW HONOR FOR PROF. CHARLES R. VAN HISE.

Charles R. Van Hise, professor of geology and a member of the United States Geological Survey, has been tendered the presidency of the University of Wisconsin. He has for several years held a chair of geology at that university and is one of the leading geologists of the country. His specialty is the geology of ore deposits and along this line he has made important discoveries in the Lake Superior iron ore region. In the United States Geological Survey he has charge of the section of pre-Cambrian geology, and will probably continue to serve as the head of that section.

BASEBALL BULLETINS BY WIRE.

Returns from all American League games will be received by innings and displayed on The Times bulletin board—Tenth Street side—today and every day during the season.

Our New Warerooms Will Be the Entire Double Building, 1218 and 1220 F Street.

An Unprecedented Opportunity to Buy Fine Pianos

At Very Little Prices in Comparison to Their Worth.

The Knabe Removal Sale is one of those rare occurrences that necessity forces to be sensational. We are going to move to our new building in just a few days now, and we will take with us the smallest number of Pianos possible. In fact, an entirely new stock has been ordered, and in spite of the immense amount of space, we'll have no room for the Pianos in our present warerooms. Every circumstance combines to force a lowering of prices, and we have lowered them. We don't hesitate to say that Pianos of like worth have never been offered at such prices at any time in the history of Piano selling.

Knabe Mahogany Upright; one of the latest designs; used but nominally, priced at ..... \$400

Emerson Cabinet Grand, in magnificent mahogany case; rented but a few months, priced at ..... \$300

Jessie French Upright; large size—a splendid instrument—brand new, priced at ..... \$250

Smith & Barnes Upright, in a rich mahogany case—a new piano, priced at ..... \$220

Hardman Cabinet Grand—mahogany case—excellent tone and good action. Used but a short time and priced at ..... \$200

Lester Cabinet Grand, one of the new models; in excellent condition inside and out, priced at ..... \$150

Singer Mahogany Upright, in first-class order, and a very special value at ..... \$140

Large size Gilbert Upright, thoroughly renovated—a very sweet tone, specially priced at ..... \$125

Stultz & Bauer Upright at ..... \$75

Knabe Square, in good condition, at ..... \$100

Other Squares priced up from ..... \$25

PIANOS SLIGHTLY USED AT ..... \$175

Try them and be cured.

## DEAF MUTE WORKMEN STRIKE AT A SIGNAL

Chicago Automatic Electric Company's Works Close.

CHICAGO, April 23.—At a signal from their business agent, 150 deaf mute electrical workers in the Automatic Electric Company, Morgan and Van Buren Streets, yesterday, inaugurated the first deaf mute strike on record. Three hours later the plant, employing almost 1,000 persons, was closed down.

A strike was declared in four departments of the plant simultaneously, but the action of the deaf mutes, who are the most skillful workers of the company, decided the officers to suspend operations for a time.

The deaf mutes were gathered and employed by Superintendent A. G. Harris, who years ago noted the peculiar fitness of deaf mutes for the work, which requires deftness of touch and rapidity of the fingers such as is acquired by few whose fingers are not used as a means of communication. They were paid the union scale, and were capable of earning more than the average worker at their trade.

Last week the deaf mutes joined the brass workers, the metal workers and polishers, and butlers and waiters in a demand for a shorter day. Yesterday Business Agent Keppeler, of the machinists, called a strike of his men and the deaf mutes joined the movement.

## ST. LOUIS OFFICIALS DEPEND ON MRS. LEE

Expected to Persuade Lieutenant Governor to Return.

CHICAGO, April 23.—In spite of the fact that reports from St. Louis continue to be received in Chicago to the effect that Lieutenant Governor Lee, of Missouri, is in Chicago, search of the hotels of the city has failed to discover him.

Mrs. Lee has come to Chicago, however, and it is reported that she is attempting to persuade her husband to return to St. Louis and help furnish evidence against the legislative bootleggers. St. Louis officials expect her quest to be successful, and that she will return with her husband Friday morning.

POLISH CHURCH RIOT QUELLED BY FIREMEN

MANITOWOC, Wis., April 23.—An old controversy regarding the removal of the pastor of the Polish Catholic Church resulted in a riot yesterday.

Men, women, and children fought with clubs for several hours in front of the church. Many were injured. The police were powerless to stop the disorder. In the height of the excitement the church was set on fire and narrowly escaped destruction. The firemen, after the flames were extinguished, went to the aid of the police and turned two streams on the poles. This stopped the fighting temporarily. It later started again, but with less vigor. Several arrests were made.

DINNER IN HONOR OF DEPARTING OFFICIAL.

A dinner was given Tuesday night at the New Willard in honor of Robert E. Lee, by Gen. George H. Harries, for the Washington Railway and Electric Company. ## SLEEPING FAMILIES MENACED BY FLAMES

Apartment House in Chicago Is Totally Wrecked.

CHICAGO, April 23.—Sixteen families were driven to the street at 2 o'clock this morning in an apartment house fire at 223, 245, and 267 Thirty-fifth Street, which totally wrecked the structure. The fire started in the basement and had gained such headway when the firemen arrived that a general call for engines was sent in. Most of the tenants were asleep, and barely escaped with their lives. The loss on the building is estimated at \$25,000.

Fire swept through the South Side Lumber Company's yards at Twenty-second Street and Ashland Avenue last night, causing a loss estimated at \$50,000. The blaze started in one of the walls of the dry kilns, which was stocked with a big supply of maple flooring.

ROCKEFELLER'S \$3,000 COW CURED BY SCIENTIST

NEW YORK, April 23.—It was learned yesterday that the \$3,000 cow which John D. Rockefeller had placed under the care of a professor from Chicago is rapidly recovering from a strange disease, which has made many cows ill in Westchester county.

Mr. Rockefeller was afraid that the cow would spread the disease among his other valuable animals, at his Pocantico Hills estate, and for that reason he decided to spend a few thousand dollars curing one of his herd.

## POSTUM COFFEE COW SENSE

People Get Willful

A cow or horse or even a dog will refuse to eat or drink what the animal knows to be harmful, but mankind will persist in pouring in coffee even after having been fully assured that it is steadily killing him. Once in a while they wake up and do the sensible thing.

A lady says: "Why will people wait as long as I did, when it is so easy to save oneself the suffering caused by coffee drinking? After using coffee several years I discovered that I was breaking down nervously. I consulted several doctors, but in spite of everything steadily grew worse.

"One physician advised me to quit coffee, and I tried quitting by the use of will power, but every time it was a miserable failure.

"My stomach was in dreadful shape, and I was unable to sleep at night, nervous prostration set in and I became barely able to drag about.

"One day while visiting a minister's wife, a motherly old lady, she proposed to give me a cup of coffee, the kind she had been using three times a day for three years. So she brought out a cup of the most fragrant, delicious beverage. It was coffee and it was not coffee. I tried it and was eager to know how it was made.

"She said: 'Five years ago I was affected much as you are, but I quit drinking coffee and began using Postum Food Coffee, and that produced the result you see and restored me to health.'

"She said a lot more, and when I went home I got a box of Postum and began using it. Such a soothing effect took place and I began sleeping nights and felt a relief from my awful nervous tension. Gradually and surely I got well, and now I feel as strong and healthy as a woman should be at my age, with all my oldtime energy restored. I earnestly entreat all coffee drinkers to change to Postum. What is the use of suffering day and night because of some paltry coffee, when one has but to leave it off and use Postum to be well. I think any one will agree with me that health is worth everything else—money, property or fame.

Name given by Postum Co., Battle Creek, Mich.

Forced to Vacate Our Store.

We Are Determined Not to Take a Dollar's Worth of Goods With Us.

Every article to be sold without regard to cost or former selling price.

BEAUTIFUL, BRILLIANT BARRIOS DIAMONDS, set in Rings, Pins, Studs, Brooches, etc., formerly sold at from \$250 to \$10,000. Your choice tomorrow and while they last, at 25¢ each.

Barrios Diamonds are the nearest approach to Genuine Diamonds ever discovered. These goods have every appearance of pieces worth from \$25 to \$250 each. Experts cannot tell the Barrios Diamonds from old mine stones by any test of sight, acid, heat, or alkali.
